Jigscour PLUS

Scouring&Soaping agent for reactive
and vat dyes on cotton and its
blends

Dispersing effects on hydrolysed
dyestuff water and insoluble
impurities of cotton

Introduction :

Jigscour PLUS is a scouring and soaping agent for cotton,viscose,polyester and their blends .

Jigscour PLUS is a very effective soaping agent for reactive dyes and vat dyes on cotton.

Jigscour PLUS has a dispersing effect on the hydrolysed dyestuff it thus improves fastness of dyed fibre,fabric and yarn .

Jigscour PLUS thus renders a clean and bright surface of the treated fabric.

Jigscour PLUS is highly stable in alkaline bleach liquors .

Jigscour PLUS is a ester based formulation , it has antistatic effects on the treated surface.

Technical Specifications :
